Half Century of Progress

Fifty years, yes, it seems like a long time, doesn't it? Do you remember these things?—the horse to the horseless carriage, called the automobile—the heavier than air machine called the airplane; now, one goes as fast as sound—the streamline trains—a World War I with Germany—the day of the flappers, the age that was going to the dogs (our parents)—a new type of music,—Jazz, Boogie Woogie—please don't forget the torch songs—the silent movies, and then, ones that even talked!!—now technicolor. The age of the light bulb—many men became famous—and many did not recover from the depression of the "thirties"—Roosevelt's "New Deal"—Pearl Harbor—a second World War with Germany—which we cannot pass over lightly—the atomic and hydrogen bomb. With modern Medical Science the life span seems to be growing longer—at least that is something to look forward to.

These are a few of the things that have happened in the past fifty years. We, the class of 1950 have not added much to the past years but watch us in the next fifty. Our Grandfathers, Grandmothers, Fathers and Mothers have helped us in this fifty years of progress. We are going to try to do our best with the next fifty years.

Last Will and Testament

We the Seniors of Forest High School, of the city of Forest and State of Ohio, being of sound and disposing mind and memory and believing that our life here is short and uncertain, and being desirous of settling our school affairs while we have the strength and capacity to do so, to make, publish and declare this to be our last will and testament, hereby revoking all other wills and testaments by us made.

Item I

To the faculty we leave the pleasure of commanding all the future Senior Classes to pick up all the paper that may be on the floor.

Item II

To the Junior Class we leave our mad money making schemes.

Item III

To the Sophomore Class we leave our brilliant excuses to miss our classes.

Item IV

To the Freshman Class we leave three more years of hard study, which we are sure they will enjoy.

Item V

To the Janitors we leave the hope that they will clean the Senior Room now that we are gone.

Item VI

I, Barbara Cooper, will my ability to go with so many different boys to Kate Hochstettler.

I, Jane Green, will my studiousness and interesting letters to Ida Packer

I, Marilyn Harford, will all of Bob's lights on his car to Denny Rahtig

I, Marjorie Harris, will my ability to do Book-Keeping to Bob Farmer.

I, Alice Hennerly, will my love of being secretary for Mr. Becker to anyone who wants it.

I, Ann Holtzmuller, will my love for the alumni to Beth Ann Alguire.

I, Phyllis Kneisely, will my ability to ride around in "Chevies" to Carolyn Baum

I, Linda McEntee, leave my saxophone playing ability to anyone who wants it

I, Donna Mae Oates, will my head majorette position to Richard Wilson.

I, Patricia Price, leave my love for Physics and Chemistry to Ruth Kugman

I, Mildred Ann Schott, will my ability to use language to Joyce Zimmerman, who knows what I mean.

I, Ruth Simpson, will my short hair cuts to Audrey Thomson.

I, Dolly Snider, will my basketball ability to Jo Ann Harris.
I, Joyce Spoon, will my ability to laugh to Alice Thiel.

Class Prophecy

As I was sitting in my easy chair on my estate in Panama watching my new television set, I noticed that my home town was being shown.

One of the first things I saw was the High School. They were having Chapel and one of my former school friends Marjorie Harris was giving a demonstration with her four children on shorthand and typing. They had set a new world's record for speed. The children had been taught by their mother. Also on the same program was Linda McEntee who gave a beautiful saxophone solo. She had studied for five years in Vienna and was a noted authority on band music. After the program the coach Harold Waller, spoke a few words. Coach Waller's team had won the National Basketball Tournament last year. Harold had lost only two games in the last two years—each time to Alger.

Then the scene changed to a few miles outside Forest where a new hospital had just been built. The chief surgeon was Ann Holtzmiller who had just returned from a series of lectures in Europe. The hospital had been donated by one of Forest's citizens. Ann had named the hospital "Billyue" after its donor. Also working there as head nurse was the former Ruth Simpson. She was now the Mrs. Richard Wason the second. Incidentally, she also had two lovely children, Ruth and Richard the third.

The next place of interest shown was the country home of Mr. and Mrs. Paul McKinley. Mrs. McKinley is the former Phyllis Kneisley. There were 11 very cute curly haired boys in the yard playing football. Paul and Phyllis had gained national recognition for having the youngest professional football team in the country and also because the whole team was composed of their own sons.

The farm next to their home was owned by Thomas Jones and Norman Clinger who raised Holsbures, a new type of animal bred by Tom and Norman from Holstein and Berkshires. They had gained their knowledge of animal husbandry while taking agriculture in Forest High School.

Then the scene moved back to town where a kindergarten class was visited. The teacher was the former Mildred Ann Schott. Most of the class consisted of children of her former classmates. Three of the children were her own. They were triplets who were well known for their dancing ability. They had been taught by their mother who had been a professional dancer in her youth. Another student was Audrey Tracy's daughter. Audrey was in Washington at the time where she was head of the Home Economics Bureau of the United States. She had just perfected a new method for making pork taste like beet.

Next to the Kindergarten Class building was a laundry service which was managed by Eileen Staley and Edith Myers. Their specialty was washing diapers. As a sideline they had a class on "The Care of Infants". Eileen and Edith were both experts on the care of babies and people came from miles around to attend their classes. Their own children were the best behaved children in Mildred Ann's kindergarten class.

Next the program visited the largest mortuary in the world. As I wasn't interested in mortuaries I started to turn the dial when I suddenly noticed the proprietors of the mortuary. They were Ardo Hammond and Bernard George. After I recovered from this shock I discovered that they had bought Joe Shelds out and renamed the home "Peaceful Manor". They also had perfected a new embalming fluid which could be used for man or beast. Their sideline was funerals for the pets of people who were too tenderhearted to just bury their pets in the cold, cold ground.

They also owned a cemetery which was managed by their classmate Murray Essinger. The motto of the cemetery is "Let Sleeping Dogs Lie". Murray had developed a new method for cutting grass. He employed the contour type cutting, that is, he was going around in circles, which he had learned in his agriculture class.

Next they visited a new restaurant which had just been built by Burl Hemmerly, the great architect. It was designed to look like Tarzan's tree house. Burl always liked Tarzan, even going so far as to imitate him while he was in high school. Burl's imitations weren't always successful though. The restaurant was owned by Tex Swanson. He advertised his restaurant as selling the strongest milkshakes in the world. He had a yen for strong drinks ever since his high school days. He employed John Kalb as his jerk-soda jerk that is John is able to make milkshakes fast & thicker and better than anyone else in the country.

After the restaurant scene Jim Marshall, the famous psychiatrist, was interviewed. Jim had graduated from Yale University with several degrees and now had a large practice. His specialty is women-patients.

Royce Fewell, a cartoonist of some note, was also interviewed. Royce had gotten his start when he drew cartoons for the "Leaves of '50". His cartoon strip was named "Love 'Em and Leave 'Em", patterned after his own life.

The next place visited was the law office of Hemmerly and Oates. Alice and Donna specialized in divorce cases. Donna usually taking the men clients. Alice is also noted for her speeches. At the moment she is running for Senator. Donna is her campaign manager. They should get the votes of all the men, anyway.

The "Two J's Boarding House" was shown next and the proprietors were Joyce Spoon and Jane Green. They served meals and were known the world over for their wonderful corned beet Irish. Confidential they said that all they had to do was open a can of Armour's corned beet Irish, heat it and serve it. The poor suckers never knew the difference.

The next place of note was Tong's Ping Pong Lounge. Mary Ellen had felt sorry for the girls of Forest because they had no place for recreation so she had built a ping pong room, ran somewhat like the pool room of the boys. Mary Ellen is also the ping pong champion of the world.

Next to Mary Ellen's recreation room was the largest garage in Forest made entirely of glass. It was owned by Marilyn Dernager, the former Marilyn Hartford. The garage specialized in fixing lights and other accessories for cars. Marilyn had gained her knowledge for fixing lights from her husband. Also, Marilyn thought, since she always had to be fixing her husband's lights, she might as well make money fixing other peoples.

Marilyn's friend and neighbor Dolly Thacker, former Dolly Soder, owned the theater in Forest. Every Saturday afternoon she showed all cartoons for her husband and the children of the town.

The last person shown on the program was Barbara Cooper who as a singer had enjoyed success in Hollywood. She was now singing a commercial for Wheaties on the radio. The commercial went like this:

"How mild, how mild, how mild can a cereal be
Less scratchy, less harsh on the throat
La lee lee, la lee lee
So step up to the counter and say,
Gimmie a pack of Wheaties please."

With that note I turn off my television set and say Good-bye.

Football

During the football season of 1949, the Forest Rangers were successful in winning seven of the nine scheduled games.

Of the group of thirty boys who reported for practice, there were five lettermen from last year's squad. Nine members were seniors.

After four weeks of staff practice, the Rangers were ready for the Preview. The team journeyed to Upper Sandusky where they were to play Richwood. Even though the Richwood team had large boys, the Rangers looked like a capable team and came out on top with a 6-0 win.

September 16, Forest played Elida. Elida usually has a good team and did have this year. They were able to keep the Rangers from scoring in the first half. The Rangers scored in the third quarter and the extra point was good. Elida came back with a touchdown, but the extra point was blocked. Forest scoring again in the last quarter made it a safe 14-6 victory.

September 23 Forest played at Pandora. It was raining at the beginning of the game and the ball was slippery. However, the Rangers scored once in the first quarter, twice in the second quarter and once more in the third. The final score was 20-0 in Forest's favor.

September 30 Forest played at Delphos. The 14-0 lead at the half-time proved that the Rangers were improving rapidly. The Rangers scored three more times, while Delphos scored only once. Forest won 34-6.

October 7 Forest played Kenton in a non-league game. Kenton being a grade A school, had more and larger boys. Three of the Rangers first stringers were hurt in this game. Forest was ahead 7-6 at the halftime. The Rangers in the lead and willing to pay the price, scored again in the third quarter to win the game 14-6. This was the first time Forest had beaten Kenton since 1938.

October 14 Forest played at Lafayette. Due to injuries from the Kenton game, Forest was somewhat weakened. Lafayette being a weak team, didn't offer much resistance and Forest won again 20-0.

October 21 Forest played Columbus Grove. Columbus Grove, having a fine offense, was outscored at the halftime 12-0, but scored 12 points in the last half. Forest was very happy to win this game 19-12 as this was the Homecoming game. The Queen, Donna Mae Oates, and her attendants, Marilyn Hartford and Phyllis Kriesley, were honored at the halftime. A dance was held following the game.

October 27 Forest played Spencerville. Spencerville was able to score 13 points against Forest's 20 in the first half. Forest kept their lead and won 47-25. This was Dad's night.

November 4 Forest played Ada in a non-league game. Ada is very close to being a grade A school. This was a very stormy night and the Rangers were not willing to pay the price of a few bumps and bruises in order to win the game. The score was 20-50 in Ada's favor.

November 11 Forest played at Shawnee. Shawnee, the only team standing between Forest and the championship, had a very fast backfield. Forest trailed at the halftime 19-6 and 44-6 at the end of the fourth period. Forest dropped down to receive second place honors.

SEASON'S RECORD

The 1949-50 Basketball season opened December 2. There were three varsity boys from last year's team. The first league game was played at Mt. Victory. The Rangers won by a score of 58 to 46.

The 1955 really shone this year. It won six of the seven league games scheduled losing only to Alger. The Blues were league champions for the third year in succession.

Our reserves won six and lost eight of their scheduled games. The reserve team beat the undefeated

In the tournament at Ada, Forest won over McGuffey and Dunkirk. They then played Ridgeway for the championship and lost 49 to 39. As a result of this game, they had to play Dunkirk again for runners up, winning by a 52-43 score. The Rangers then journeyed to Celina for the Northwestern district Class B tournament. Forest drew a bye and was to play the winner of the Minster-Beaverdam game. Forest played a hard game but lost to Minster 48 to 50.

Days of Preparation

The purpose of our journey . . . preparing for now and the future . . . in classes . . . we listen, dream, and yes, even learn a little . . . Freshies painfully factor through algebra . . . get dizzy over alliteration and onomatopoeia . . . gaze at the stars in general science . . . Latin proves helpful as a romance language (amo te) . . . Ag boys buy tractor; look no wheels! . . . Home Ec. girls visit a bakery . . . "Wisdom is the power that enables us to use knowledge for the benefits of ourselves and others" . . . some brilliant sophomores tackle geometry others prefer general business . . . Juniors know their English well, too well . . . watch your proportion,

watch your form; no, not reducing just shorthand class . . . study halls, at least that's what the schedule says . . . daily rotation of our mental wheels bringing us closer and closer to graduation.

Through art and music we can express ourselves . . . give beauty to others . . . "Music is love in search of a word" . . . the brisk cadence of a marching band . . . the strut of the majorettes . . . the various formations at the football games . . . all add color and beauty . . . to hear the boys' or girls' chorus . . . it is truly a thing to enjoy . . . all these are precious bits of gold which will bring dividends as we go along.

The Forest High School Band

The Forest High School Band was an organization of forty-eight members, five twirlers and two flag bearers.

The band played at various activities during the summer. Some of these were The Legion Jamboree, Arlington Homecoming and the Lions Club Street Fair and Parade. Other outside appearances were at Upper Sandusky during the Wyandot County Fair and at Kenton for the Hardin County Fair.

The band played at the football preview at Upper Sandusky along with the bands from Kenton, Richwood and Upper Sandusky. Our opponent for the evening was Richwood. The band formed for this evening a HI, R. and an F.

The band became a very active part of every football game. They played The Star Spangled Banner before every game and did various formations at halftime.

Our first game was with Elida and it was a home game. The band formed a football which was kicked by the band majorette and then they broke into a '49 WIN and for Elida they formed an E. Their last formation was an F. for Forest.

The band then traveled to Pandora and performed at the halftime. Their formations for the night were a football, '49 WIN, P for Pandora, and F for Forest.

The next game was with Kenton. The band wanted to look sharp that night and to help their new uniforms arrived before the halftime appearance. For this night the band had "Travel" as their theme. The formations were a bicycle, an automobile and a locomotive which had smoke coming out of the smoke stack and its pistons and wheels were moving. The band also formed a K for Kenton and an F for Forest.

We were invited to come to a Findlay College game on October 8. We gladly accepted and our formations for the evening were a bicycle, an automobile and a locomotive.

Columbus Grove was the next game of the season and it was also the Homecoming game. The band's formations were a deck w/crown girls with the queen and her attendants were taken and presented to the large crowd and a float. Also the band formed a C.G. for Columbus Grove, and an F for Forest.

The last game of the season was with Spencerville and was Dad's night. The band's formations were in honor of the Dads of the football players. The formations were a DAD, a drum, a pipe and a square. The band then formed an S for Spencerville and an F for Forest.

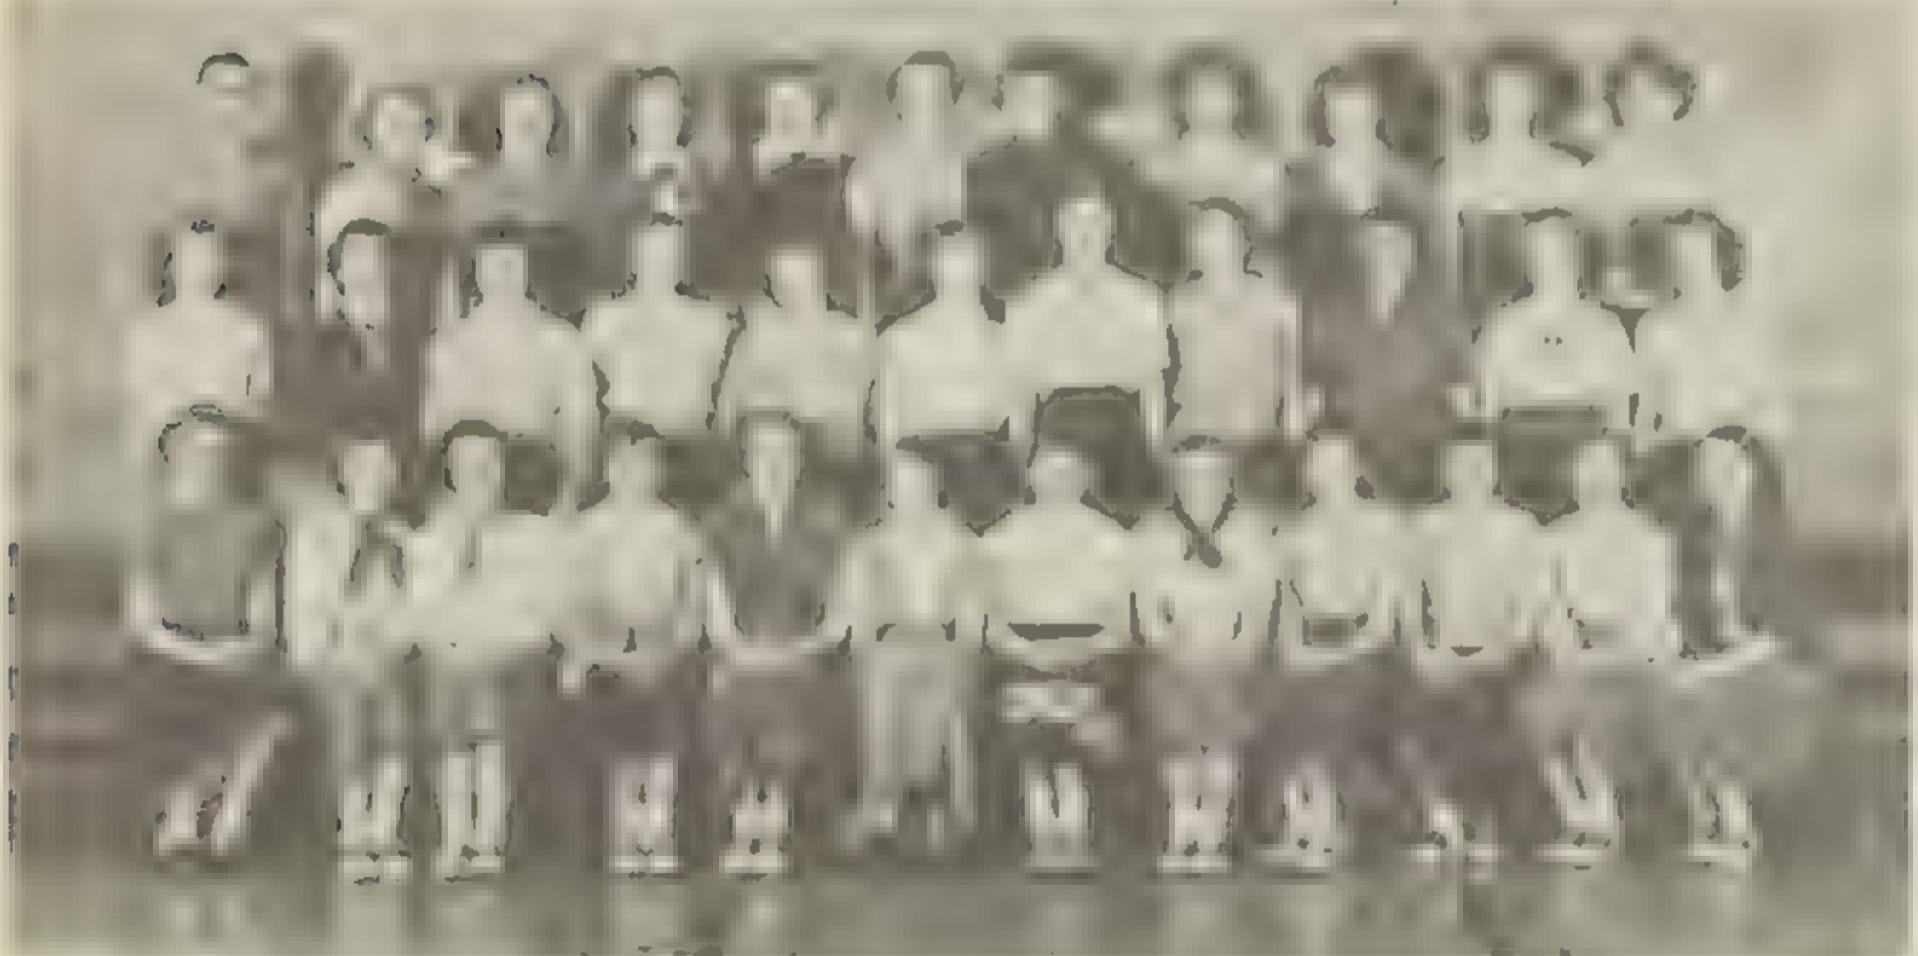

The band members wish to express their thanks to the Band Mothers whose work made it possible for them to have their new uniforms which are very attractive. They also wish to express their thanks to everyone who helped in any way to make this project possible.

Moments of Inspiration

With hopeful spirit and a sincere desire always to achieve something of beauty, goodness, and truth, for these are the qualities that live, we've spent these years at Forest . . . Encouragement, criticism, praise and then accomplishment—these have created the personality of our class . . . Think of the cut-ups in the English room . . . the frolics at play practices . . . yet, not the easy tasks but the hard ones bring complete joy in life . . . persuading innocent people to purchase annuals . . . 150 of 'em . . . convincing merchants to buy ads . . . "Think only of the best, work only for the best, expect only the best" . . . we've tried to hit the top in our dramatics .

"Red and the Christmas Whoppers" in our Sophomore year in which Red was always telling lies. It was directed by the able bodied Miss Fowler . . . A grandmother, a mother with three children, and herself, having three suitors enabled us to give "Come Over to Our House," for a mystified audience when we were Juniors . . . As Seniors we gave the play, "What a Life," which is quite right; anyway, everything turns out well in the end . . . A thing of beauty . . . those striking "Ranger Tales" covers created by our art editor . . . cheerful words, exciting occasions, enlivened activities inspire our adventure to be a joyful one.

Senior Class Play

On April 27 and 28, the Seniors presented their play, "What a Life," by Clifford Goldsmith. The play was directed by Mr. Mervyn. The play was about:

Henry Aldrich who just can't memorize the dates in history, who tries to sell anything he owns in order to raise two dollars to take his girl to the dance, and who in desperation "borrows" answers for his examination only to be found out. Barbara Pearson who is gloriously happy and desperately unhappy over the prospect of her first formal dance. George Bigelow, Henry's enemy, who almost gets him into real trouble, several teachers, including Miss Pike, Miss Johnson and Miss Wheeler, with their worries about Easter vacation, Mr. Nelson, assistant principal, who straightens out Henry's problem, not to mention Henry's mother who insists that the boy go to Princeton, though his talent is for drawing.

Henry just can't get through his head the book learning he is supposed to absorb, and this is what involves him in scrapes both serious and amusing. One of his scrapes makes him look as though he had stolen the school band instruments. The music teacher with the help of an amusing detective, finally discover that the instruments have been pawned by Bigelow, who tried to throw the blame on Henry. However, Henry's problem is solved through the sympathetic help of the assistant principal.

Clyde—St. Petuh, hol' my han'!

Lois H.—I tink mine cooking job I trow him up!

Joann H.—Get along home, you dratted pigs! Sooey, sooey!

JUNIOR CLASS PLAY

On December 7 and 8, the Juniors presented their play, "The Atomic Blonde," by Jay Tobias. The play was directed by William Mervyn and Miss Goodrich. The play was about:

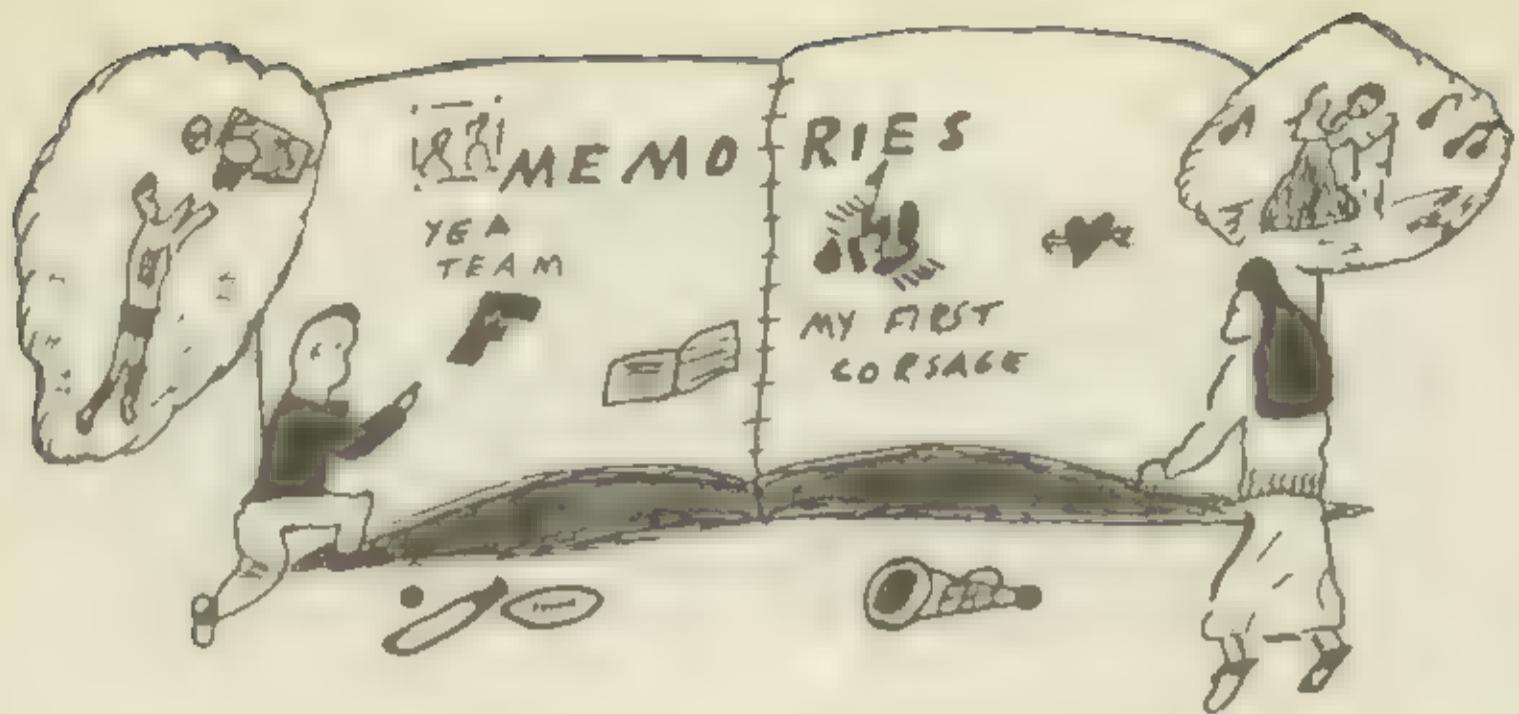

The action centers around Bob Nickerson, who had inherited a run-down health resort and attempted to operate it with the help of his college pal, Skid Werling. Customers, however, were non-existent until, by false advertising the presence of a hotel doctor and a prominent

authoress, known as the "Atomic Blonde," attract several guests.

All the men fell for the "Atomic Blonde" and each one tried to surpass the other in trying to win her. The women, meanwhile, were horrified by the sudden appearance of the headless ghost who nearly cleared the hotel of servants and guests. The mystery was finally cleared up and everything worked out to the best advantage for everyone concerned.

Days of Recollection

At journey's end we look back over the trail of happy memories . . . somebody's pants fell down in the first grade (I wonder whose) In the second grade Tom Jones swallowed his pencil and Norma Jean Walters asked, "Will he die?" . . . Three new students came from Patterson and head lice went around in the third grade . . . In the fourth grade Barbara Cooper, Vernon Hassey and Eugene Oates had appendicitis . . . In the fifth grade we had two tattle tails . . . As a result six girls got the teachers paddle . . . In the sixth grade about ten of the class joined the band . . . In the seventh grade we grew up love and all . . . Hub' Donna Ann and Phyllis We took the state eight grade tests and we became dramatic with "Red's Christmas Whoppers" under the direction of Mrs Shuck . . . Next, we were green freshmen . . . we were initiated and the "Dream Boat" of our class came that year . . . In the sophomore year we gave Miss Fowler a rough time . . . Now settle you rowdies, Mercy! We threw pennies, chalk, erasers, and even Dolly's shoe, also Donna Mae had the privilege of sitting at the head of our World History class . . . We started our Junior year by ordering our beautiful class rings which came a little before Christmas, then came the long weeks of play practice, under the direction of Mrs Holtzmiller. We gave "Come Over to Our House" on April 7 and 8 . . . And then after long months of school we gave the Junior & Senior Prom . . . Who got in early that night? . . . Last came our Junior picnic . . . the boys got the bright idea of throwing a couple of our classmates in the river . . . how about it Donna and Phyllis? . . . Then before we knew it we were Seniors . . . Jim missing school every Monday, Harold missing at least one day a week, AND Burl trying to become the second Tarzan . . . These things we cherish . . . to hold forever in our treasure chest of memories

HOECOMING QUEEN AND ATTENDANTS

On October 21, 1949, the Forest High School played its annual Homecoming game with Columbus Grove as its opponent. To reign over this evening's activities, the Forest High students elected Donna Mae Oates as queen. The students who were elected as her attendants were Phyllis Kneisley and Marilyn Harford.

The lovely queen and her attendants came on the field in a beautiful red Studebaker convertible, to be met by the band in the formation of a crown. They were escorted to the toastmistress, Ann Holtzmuller, who presented each with a beautiful bouquet of yellow mums. After short speeches by the queen and attendants, they were seated on a throne in the bleachers where they viewed the game. To add to the evening's festivities the boys won the game 19 to 12.

After the game, a dance was held in the gymnasium in honor of Queen Donna and her attendants. Captain Harold Waller and co-captain Jim Marshall escorted them to the throne where the queen was crowned.

Many of the alumni were present to witness this event.
